Del Amo Superfund Site

**Hypothetical Residential Exposure Scenario**

Reasonable Maximum Exposure

Cancer Risk Graph

- represents outdoor shallow soil
- represents indoor air / tier 1
- represents indoor air / tier 2
- a blank space indicates no reading
- top red line marks (1E-4)
- bottom red line marks (1E-6)

Hazard Index

- bold outline on parcels means Hazard Index reading is greater than or equal to one. Color of outline corresponds with color coding of outdoor surface soil, outdoor shallow soil, and indoor air.

* - Readings on small plots
